Lighting

Beautifully lit

A carefully considered kitchen lighting scheme can completely transform the look and feel of your space. From meal prepping to entertaining friends around the table, your choice of lighting not only sets the mood, but it can also enhance key design features. We offer a range of LED lighting solutions for various furniture applications to meet both your practical and aesthetic needs.

Task lighting

Sufficient lighting is a must in task based areas where hobs, sinks and even worktops are in use, as this aids safe cooking, washing and prepping. A range of LED options are available in aluminium and an on-trend matte black finish.

Mood lighting

Lighting that creates ambience in a kitchen setting can provide the most stunning effect and can transform a kitchen space better than anything else. Opt for recessed LED lighting under worktops, concealed above wall cabinets or even along the bottom of base units.

Convenience lighting

Combine beautiful, functional lighting with everyday practicality through a range of switches and control modules for ultimate convenience. Choose from a range of wireless touch switches or control lighting from your smartphone via a Wi-Fi app, or through voice control systems such as Amazon Echo or Google Home.
